

Key Details

Job Title:
Director of Technical
Development

Contact Number:
+44 (0)7545 645838

Email:
csaba.szilagyi@kiwa.com

Specialisms:
Fire Safety Engineering

Personal Summary

I started as a firefighter in Hungary, then I gained my BSc in fire and became a fire engineer working in Hungary for 8 years. It involved a high-rise hospital, airport, the Parliament Building, factories for Audi & Mercedes, hotels, and stadiums.

I prepared fire strategies, CFDs, evacuation modelling, and structural fire engineering. Later, when I got my MSc, I moved to New Zealand where I worked on high-rise office buildings, hospitals, schools, and hotels doing fire strategies, CFDs, and structural fire engineering.

In 2017, we moved to the UK, since I worked on high-rise office and residential buildings, hotels, airport, and data centres in Europe doing fire strategies and structural fire engineering.
